

Chronicles: Medieval – Forge Your Destiny in a Dynamic Medieval Sandbox with RPG Depth

Raw Power Games, A New Veteran-Led Studio, Invites Players to Earn Their Name in Deadly Skirmishes, Massive Field Battles, and Epic Sieges Where Every Fight is a Step Towards More Power

Copenhagen, Denmark – June 6, 2025 —Today, during Summer Game Fest, [Raw Power Games](#), a new studio of seasoned and talented game industry veterans, has unveiled the development of their highly-anticipated debut title [*Chronicles: Medieval*](#).

Set in the brutal but beautiful European world of the 14th and 15th centuries, *Chronicles: Medieval* throws players into a sprawling, dynamic sandbox blending action and RPG depth on a strategic scale. Players will write their story and forge their destiny in a living, breathing realm where every decision echoes through history and every sword swing could change their fate. Engage in intense combat, fight for land, glory, and legacy, and lead massive armies into intense battles.

“Whether players dream of carving out a kingdom, leading armies into battle, or becoming the most prosperous trader, history is written by their hand in *Chronicles: Medieval*,” says Andrzej Zawadzki, Senior Designer at Raw Power Games. “As we unveil the game and move towards an early access release, we plan to listen and work with our community to make our first game a truly epic adventure.”

Clemens Koch, Senior Community Manager, elaborates: “We believe the best ideas often come from players themselves, and we look forward to building the game with our community, offering early playtests and feedback sessions. To learn more about *Chronicles: Medieval* and engage, we encourage players to join our dedicated [Discord](#) channel.”

Powered by Unreal Engine 5 and Raw Power Games’ proprietary Asgard technology, *Chronicles: Medieval* is coming to early access on PC via [Steam](#) in 2026. The world premiere announcement trailer at Summer Game Fest features narration by none other than award-winning actor [Tom Hardy](#) (*Mobland*, *Venom*, *The Revenant*, *The Dark Knight Rises*).

Chronicles: Medieval Key Features (for Early Access launch):

An Immersive Medieval Sandbox in a vibrant, evolving world

Enter a vibrant medieval Europe - a sprawling sandbox of unrest, invasions, and alliances. Create a custom character and experience a path filled with conflict and opportunity. *Chronicles: Medieval* will evolve, shaping itself alongside community feedback into a living medieval playground – where no two stories are ever the same.

Intense Combat and Large-Scale Battles

Master medieval warfare with skill and strategy. Recruit, train, and lead troops into epic battles with full customization and control. Command historical units like the sharp-eyed English Longbowmen, the devastating French cavalry and the feared Imperial Polearm infantry. Large scale battles that players can command and also fight directly on the front lines in third person. Issue orders and fight alongside friends with custom battles in co-op mode. Players must adapt, react and execute to survive.

Combat delivers an engaging and authentic medieval experience with stunning animations, fluid weapon mechanics, and a focus on realism. Raw Power Games has partnered with Historical European Martial Arts (HEMA) legend [Björn Rüther](#) to capture the precision and weight of authentic historical martial arts, ensuring every swing and clash of steel feels impactful and accurate to the era.

Write Your Story, Forge Your Destiny

Your path to victory begins here. Shape your legacy in a medieval sandbox where every decision matters. Choose power, adventure, or fortune, navigating diplomacy and conflict to create a story uniquely yours.

Chronicles: Medieval blends action and RPG depth on a strategic scale, offering an ever-evolving narrative where emergent storytelling and player-led legacy are at the forefront.

Building a Beautiful, Evolving World Alongside the Community

Raw Power Games plans to give players the freedom, support, and technology they need to create, share, and reshape the game world in ways never imagined. The team at Raw Power Games believes the best ideas often come from players themselves and looks forward to building the game with players, offering early playtests and feedback sessions.
